

City of Piedmont
COUNCIL AGENDA REPORT

DATE: May 15, 2023

TO: Mayor and Council

FROM: Rosanna Bayon Moore, City Administrator

SUBJECT: Receipt of the 2022 Annual Progress Report to the California Department of Housing and Community Development Regarding the Implementation of the 5th Cycle (2015-2023) Housing Element of the Piedmont General Plan

RECOMMENDATION

Receive the attached 2022 annual progress report for the implementation of the Piedmont General Plan 5th Cycle (2015-2023) Housing Element programs and policies.

EXECUTIVE SUMMARY

Section 65400 of the California Government Code describes the legal requirements for cities to prepare an annual progress report on the effectiveness of the City's housing policies and programs. Piedmont's 5th Cycle Housing Element is for the term 2015-2023. The State-mandated allocation of new units by the end of 2023 is 60 housing units. This report provides information on the 2022 Piedmont Housing Element annual progress report. This is the last annual progress report for the 5th Cycle Housing Element.

During the calendar year 2022, the City of Piedmont gave final inspection approval to building permits for 14 new accessory dwelling units (ADUs). In addition to the 14 that received final inspection approval, the City of Piedmont issued building permits for 27 new ADUs. Zero (0) building permits were issued for new single-family homes, bringing the total number of building permits issued for new housing units during the 2015-2023 term up to ~~100~~ 123. The City's issuance of building permits for new housing units exceeds the overall goal set by the State of California in the RHNA for the 5th Cycle Housing Element by ~~40~~ 63 housing units. However, production of very low-income units has lagged. Since 2015, a total of ~~20~~ 21 building permits for very-low-income units was issued which is ~~four~~ three less than the 5th Cycle RHNA goal of 24.

BACKGROUND

Goals for new housing production are set by the State of California and then allocated to jurisdictions in the San Francisco Bay Area region by the Association of Bay Area Governments (ABAG). The 5th cycle planning period for the Bay Area is January 31, 2015 – January 31, 2023.

On July 18, 2013, the ABAG Executive Board adopted the 5th Cycle RHNA. The RHNA assigned to the City of Piedmont requires the construction of 60 new housing units for the period of 2015 through 2022, or approximately 7 new units per year. The 60 assigned new housing units were distributed into the following four categories: 24 very low-income units; 14 low-income units; 15 moderate income units; and 7 above moderate housing units. Information about Housing Element law is available on the HCD website at <https://www.hcd.ca.gov/planning-and-community-development/housing-elements>.

The City of Piedmont and the cities of Albany, Emeryville, Dublin and Newark, along with the unincorporated portion of Alameda County, constitute the Alameda Urban County for purposes of many housing programs, including receiving funding from the U.S. Department of Housing and Urban Development (HUD) Community Development Block Grant (CDBG) Program. Through Alameda County Housing and Community Development, the City participates in the EveryOne Home program to provide services and housing to homeless individuals and families. The City also pools its resources with other Alameda County jurisdictions to administer fair housing programs and analyze impediments to fair housing.

A primary tool for new affordable housing in Piedmont's 5th Cycle Housing Element was the City's award-winning program to grant exceptions to requirements for accessory dwelling units (ADUs) in exchange for limits on rents collected for ADUs for a period of 10 years. During the 2016 legislative session, the State of California enacted AB 2299 (Bloom) and SB 1069 (Wieckowski), which resulted in Piedmont being prohibited from requiring parking for ADUs. In the past, exceptions to City parking requirements (normally required for new ADUs) had been granted in Piedmont to developers of ADUs that deed restricted the rents to affordable levels. With the passage of AB 2299 and SB 1069, the City's ability to provide housing units that are rent-restricted to low or very low-income tenants was greatly impaired. Most of the ADUs receiving planning entitlements since the beginning of 2017 are allowed to be rented at market rates. The City still obtains a few restricted rents for size exceptions.

ANNUAL PROGRESS REPORT

Pursuant to Government Code section 65400, the annual progress report for 2022 must be in the form prescribed by HCD and include:

1. The status of the plan and progress in its implementation.
2. The progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583, and including a section identifying actions taken by the City towards completion of the programs and status of the City's compliance with the deadlines in its housing element.
3. The number of housing development applications received in the prior year.
4. The number of units included in all development applications in the prior year.
5. The number of units approved and disapproved in the prior year.
6. The degree to which its approved general plan complies with the guidelines developed and adopted pursuant to Section 65040.2 and the date of the last revision to the general plan.

7. A listing of sites rezoned to accommodate that portion of the city's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory required by paragraph (1) of subdivision (c) of Sections 65583 and 65584.09. The listing of sites shall also include any additional sites that may have been required to be identified by Section 65863.
8. The number of net new units of housing, including both rental housing and for-sale housing, that have been issued a completed entitlement, a building permit, or a certificate of occupancy, thus far in the housing element cycle, and the income category, by area median income category, that each unit of housing satisfies. That production report shall, for each income category described in this subparagraph, distinguish between the number of rental housing units and the number of for-sale units that satisfy each income category. The production report shall include, for each entitlement, building permit, or certificate of occupancy, a unique site identifier which must include the assessor's parcel number, but may include street address, or other identifiers.
9. The number of applications submitted, the location and the total number of developments approved, the total number of building permits issued, and the total number of units by area median income category constructed, pursuant to Section 65913.4 (the streamlined project review process required for certain development projects under SB 35).

Piedmont's annual progress report is attached (Attachment B). The City issued building permits for 23 new housing units in 2021 and 24 new housing units in 2020. In 2022, the City issued building permits for 27 new housing units, all of which were accessory dwelling units (ADUs and JADUs).

Three of the building permits were issued for ADUs and JADUs that were designed to be small and share spaces with the primary residences. Due to their small sizes, number of bedrooms, and findings of a survey of rental units in the Piedmont-Oakland housing market, these units are listed in the annual progress report as affordable to very low-income households (VL). City staff characterizes these units as affordable to households earning less than 50% of the area median income for Alameda County (income of approximately \$57,150 a year in 2022 for a household of two people).

Thirteen accessory dwelling units that were issued building permits in Piedmont in 2022 would likely have rents affordable to residents earning low-income wages (L) based on the findings of a survey of rental units in the Piedmont-Oakland housing market. Households earning low-income wages earn between 50% to less than 80% of the area median income for Alameda County. City staff characterizes these units as low income. In 2022, this income was approximately \$87,700 a year for a two-person household.

Two new ADUs that were issued building permits in 2022 are characterized as moderate-income housing (M) due to their sizes and number of bedrooms. Moderate incomes are 80% to 120% of the area median income for Alameda County. In 2022, this income was a maximum of approximately \$137,100 a year for a household of two people (and more for larger households). The remaining nine ADUs are estimated to rent at rates affordable to above-moderate-income (AM) households (greater than 120% of the area median income).

In addition to the building permits issued, the City issued final approval of construction completed under building permits for 14 new housing units in 2022, compared to the 16 building permits which received final approval in 2021. All of the new housing units completed in 2022 were ADUs.

Lastly, in 2022, the City approved planning entitlements for 28 new housing units, compared to 33 housing units entitled in 2021 and 25 entitled in 2020. All of the planning entitlements for new housing units in 2022 were ADU permits. In 2022, an application for design review permit for a new house and ADU on a vacant lot was denied.

Rental Survey

City staff has prepared a survey of local rents based on similar floor areas and amenities which substantiate the expected rents for the moderate, low, and very low ADUs in the 2022 annual progress report. HCD has accepted the City’s rental surveys, using this methodology, since 2018. The rental survey is included as Attachment A.

CONCLUSION

The 2022 annual progress report shows that the City of Piedmont has surpassed the annual rate of construction of new housing units anticipated by the 5th Cycle RHNA, having issued building permits since 2015 for the construction of approximately ~~100~~ [123](#) new units, out of a state-mandated allocation of 60 new units by January 2023. However, with the changes to State legislation, which eliminated rent restrictions tied to parking exceptions, it has been challenging for the City of Piedmont to obtain deed restrictions requiring occupancy of ADUs by very low-income households. Thus, the City produced ~~20~~ [21](#) very low income units out of the 5th Cycle goal of 24 units. The recently adopted 6th Cycle Housing Element builds on the successful programs and approaches of the 5th Cycle Housing Element to increase the production of housing in all income categories.

Attachment A	Pages 5-8	2022 Rental Survey
Attachment B	Pages 9-35	2022 Housing Element Progress Report

ATTACHMENT A – 2022 Rental Survey

The City of Piedmont surveyed the average rent and average unit size for Piedmont and the surrounding Oakland area. Real estate websites, providing information and services for people seeking rental housing in a publicly accessible format, were used to find average rental rates and other characteristics of local rental housing over the 2022 period. Rental information for Oakland is readily available, and Oakland was found to be a larger sample and more reflective of the trends in the local rental market.

Average rents in Piedmont in 2022 total \$2,725 per month, an increase compared to \$2,614 for the previous year (RentCafe.com). This rent is still less than that reported for the surrounding City of Oakland (\$2,850 per month on average for a 780-square-foot unit), an increase from \$2,772 for an average 778-square-foot unit, last year. Average rental unit size in Piedmont in 2022 was 770 square feet (s.f.).

According to the same source, over 76% of rental units rent for greater than \$2,000 in Piedmont. In Oakland, over 80% of units are rented at a rate greater than \$2,000. The age and small number of Piedmont rental units and the lack of amenities, such as the shared gyms, parking garages, or roof-top gardens, present in many large rental housing developments, could suggest why Piedmont apartments and ADUs rent for slightly less than Oakland as a percentage of overall units (i.e., fewer luxury apartments in Piedmont).

RentCafe.com reports the average rent in Piedmont in 2022 as \$2,725 per month and average unit size as 770 s.f. As stated above, the average rent reported for Oakland was slightly more at \$2,850 per month for a 780-square-foot apartment.

Previous sources consisting of **RentJungle.com** and **RentHop.com** no longer provide research and analysis for cities in Alameda County. This survey incorporates data from **Zumper.com**, **ApartmentLists.com**, and **Rentometer.com** instead. Reliable data for Piedmont was not available through Zumper.com or Rentometer for the last 12 months because of the small sample of apartments and the large number of houses for rent (rather than apartments).

Zumper.com reports that the average rent in Oakland for a one-bedroom apartment is \$2,141 per month, an increase from \$2,050 per month, last year. The average rent for a studio apartment was \$1,714 per month. The average rent for a two-bedroom apartment was \$ 2,786.

ApartmentList.com reports that the average rent in 2022 fell by 5.1%. This survey uses 2021 data reduced by 5.1%. Average rent for a studio apartment was \$2,357. The average one-bedroom apartment rented for \$2,969, and the average rent for a two-bedroom apartment was \$4,006.

Rentometer.com reports that the average rent in Oakland, adjusted for Piedmont, for a one-bedroom apartment was \$2,238. The average rent of a studio apartment was \$1,905. The average rent of a two-bedroom apartment was \$3,064.

This rental survey shows the cost per square foot based on the average rents provided by RentCafe.com and assigns a 34% premium to two-bedroom apartments based on the percentage increase of rents provided by Zumper and Rentometer.

Housing Affordability by Incomes

According to California HCD (TCAC limit), the maximum allowable rents in 2022 for low-income category units in Alameda County (less than 80% AMI) is between \$2,000 per month (548 s.f. or less studio); \$2,143 per month (587 s.f. or less one-bedroom); and \$2,572 (525 s.f. or less two bedrooms).

The maximum allowable rents for very low-income category units of one bedroom or studio in Alameda County (less than 50% AMI) is between \$1,250 (up to 342 s.f. studio) and \$1,339 (367 s.f. one-bedroom unit). The rent for more than one bedroom is \$1,608 (329 s.f. two bedroom) and \$1,856 (379 s.f. three bedroom).

The maximum allowable rents for moderate income category units are between \$2,998 (821 s.f. studio); \$3,427 (939 s.f. one bedroom); and \$3,855 (788 s.f. two bedrooms).

Methodology and Premium for 2-Bedroom Apartments

The average rents for a one-bedroom apartment surveyed by Zumper, Rentometer, and ApartmentList.com, are less than the average rent surveyed by RentCafe at \$2,850 for an average 780-square-foot apartment in Oakland. The rent per square foot was calculated by dividing the average unit size by the average rental rate. This survey uses the higher number provided by RentCafe for analysis of probable rents in Piedmont. This survey adjusts the rents for a 2-bedroom or more apartment according to the premiums for two-bedroom apartments surveyed by Zumper, Rentometer, and ApartmentLists.com at approximately 34% more than a one-bedroom apartment. Therefore, the average \$3.65 per square foot rent provided by RentCafe is adjusted up to \$4.89 per square foot for the rents for a two-bedroom apartment. This approach is conservative because it is likely that the RentCafe survey included some two-bedroom apartments in the average \$3.65 rent per square foot. Construction completed in Piedmont in 2022 did not include any three-bedroom or larger homes.

Conclusion

In 2022, seven small accessory dwelling units (ADUs) in Piedmont that received final building permit inspection would likely have rents affordable to residents earning low-income wages. Three ADUs finalized in Piedmont would likely have rents affordable to moderate income residents. Six new ADUs are so small (336 s.f. or less) that they would likely rent at rates affordable to households earning very low incomes, and two new ADUs would likely rent at rates above moderate income due to their size and number of bedrooms. No single-family residences or rent-restricted ADUs received a final building inspection in Piedmont in 2022. For addresses, sizes, and numbers of bedrooms, see the list of completed ADUs for 2022 on the following page.

New Housing Units Completing Construction in 2022 in Piedmont, CA

	Address	Size	Bedrooms	Estimated Rent Per S.F.	Projected Rent

Total Units			-	12	5	7	14	11	24	-	27	-	123	3
Progress toward extremely low-income housing need, as determined pursuant to Government Code 65583(a)(1).														
		5											6	7
		Extremely low-income Need	2015	2016	2017	2018	2019	2020	2021	2022	2023	Total Units to Date	Total Units Remaining	
Extremely Low-Income Units*		12	-	-	-	-	-	-	-	-	-	-	12	

*Extremely low-income housing need determined pursuant to Government Code 65583(a)(1). Value in Section 5 is default value, assumed to be half of the very low-income RHNA. May be overwritten.
 Note: units serving extremely low-income households are included in the very low-income RHNA progress and must be reported as very low-income units in section 7 of Table A2. They must also be reported in the extremely low-income category (section 13) in Table A2 to be counted as progress toward meeting the extremely low-income housing need determined pursuant to Government Code 65583(a)(1).
 Please note: For the last year of the 5th cycle, Table B will only include units that were permitted during the portion of the year that was in the 5th cycle. For the first year of the 6th cycle, Table B will only include units that were permitted since the start of the planning period. Projection Period units are in a separate column.
 Please note: The APR form can only display data for one planning period. To view progress for a different planning period, you may login to HCD's online APR system, or contact HCD staff at apr@hcd.ca.gov.

ANNUAL ELEMENT PROGRESS REPORT

Housing Element Implementation

Jurisdiction		Piedmont	
Reporting Year		2022	(Jan. 1 - Dec. 31)
Table D			
Program Implementation Status pursuant to GC Section 65583			
Housing Programs Progress Report			
Describe progress of all programs including local efforts to remove governmental constraints to the maintenance, improvement, and development of housing as identified in the housing element.			
1	2	3	4
Name of Program	Objective	Timeframe in H.E	Status of Program Implementation
Program 4H: Health and Safety Code 17021.5 Compliance	Amend the Municipal Code to ensure compliance with the employee housing provisions of California Health and Safety Code 17021.5	2016	City complies with State Law.
Program 5.A: Shared Housing Publicity and Media Initiative	Increase awareness of Piedmont's newly modified shared housing regulations, and encourage single seniors and other small households in the City to participate in the program	2016	The City continues to inform residents of the regulations for renting rooms.
Program 5.B: Shared Housing Matching Services	Consider participating in ECHO Housing's shared housing program as a way to improve housing opportunities for lower income seniors and extremely low income households	2016	The City refers residents to ECHO's services when requested or the opportunity is brought to our attention.
Program 5. C: Allowances for Temporary Home Improvements	Allow Planning and Building Code exceptions for certain temporary home improvements which help Piedmont seniors remain in their homes as their physical capabilities change	On-going	City Code Division 17.76 allows for reasonable accommodation to provide individuals with disabilities accommodation in regulations and procedures.
Program 5. D: Assistance to Nonprofit Developers	Provide assistance to non-profit entities interested in developing housing for low and moderate income Piedmont residents, including the elderly and others with special needs	On-going	The City has begun assisting Habitat for Humanity in their plans to provide services to low-income residents.
Program 5. E: Accommodations for Disabled persons	Provide access to printed and web-based information which describe the procedures for making a Piedmont home "barrier free"	2015	The City has not yet had any requests for this information but is willing to provide resources when needed
Program 5. F: Housing Support for Families in Crisis	Support public and non-profit agencies in Alameda County which provide food and shelter for families in crisis.	On-going	Piedmont continues to provide financial assistance to Alameda County to fund countywide programs. The City stays apprised of homelessness issues, works with homeless service providers, and will offer referrals for any Piedmont resident faced with the risk of homelessness.
Program 5. G: EveryOne Home	Participate in the Alameda County EveryOne Home Program, a Countywide planning effort to increase housing opportunities for extremely low income and disabled persons and strengthen the services the County provides to the homeless	On-going	A count of sheltered and un-sheltered homelessness individuals was conducted in January 2017 and February 2022. Piedmont City planning staff participated in the surveys of un-sheltered homeless individuals. The City of Piedmont contributes a pro-rata share of the funds used for operation and administration of the program.
Program 3.B: Affordable Second Unit public Information Campaign	Initiate a public information and education campaign about second units, including definitions, regulations for their use, opportunities for their construction, and the various incentives offered by the City to create rent-restricted units. The campaign should add a "human interest dimension by focusing on the stories of actual second unit owners and tenants in Piedmont	2015	The City continues to provide on accessory dwelling units (previously called second unit permits) to the public. Information about accessory dwelling units, including a FAQ section has been added to the City Website.
Program 3C: Monitoring Affordable Second Unit Opportunities	Monitor the supply of unintended second units, illegal or suspected second units, and vacant second units. A confidential data base listing the addresses of such units shall be maintained for administrative purposes. Recognize the potential for such properties to help meet the City's affordable housing needs, and take proactive steps to realize this potential in the coming years	On-going	The City implements this program on an on-going basis, and continues to review all planning and building proposals to determine the presence of "unintended" units on Piedmont properties. Staff talks to property owners about registering these as accessory dwelling units, so that they are rentable, rather than keeping them as only personal or guest quarters.
Program 3D: Monitoring Additional Second Unit Development Opportunities	Monitor potential opportunities for second units within new homes and on existing homes located on larger lots that are conducive to second unit creation	On-going	On-going, the City promotes the creation of accessory dwelling units at the counter when we recognize an opportunity. Piedmont's floor area limits for new residences are relaxed when the construction of a new residence includes a new accessory dwelling unit or when required by state law.
3E. Incentives for Renewal of Expiring Rent Restrictions	Develop incentives for the owners of rent-restricted second units to renew the affordability restrictions for their units upon expiration of the 10-year deed restriction.	2017	The City will need to address expiring incentives in 2018. This is much more difficult with changes to Government Code Section 65852.2 as a result of AB2299 and SB1069.

Program 4.A: Media Strategy	Prepare printed brochures and web-based materials which inform residents about the planning and building processes in Piedmont	On-going	City regularly updates and improves its paper handouts and website to describe current requirements and respond to "FAQs"
Program 4.B: Home Improvement Seminars	Conduct city-sponsored meetings, programs, and seminars which inform residents on home improvement and maintenance practices in Piedmont	On-going	In 2020, the City launched a web page dedicated to housing programs in the City of Piedmont. This approach was chosen due to COVID-19 precautions and as a way to distribute information about fair housing in Piedmont.
Program 4.C: Building Code Updates and Ongoing Enforcement	Continue to implement the California Building Code of regulations, as locally amended. Update or amend the codes as state requirements change, and as conditions in Piedmont warrant	On-going	This action is implemented on an ongoing basis and continues to be relevant.
Program 4. D: Fee Review	Review all planning and building fees to be sure that they cover required costs but are not more than is necessary to provide the required City services	On-going	Planning Department fees were addressed, increased, and went into effect July 1, 2020.
Program 4. F: Capital Improvement Plan Updates	Annually update the Capital Improvements Plan to ensure that municipal systems are kept in good condition	On-going	The City has a CIP committee that advises on priority projects.
Program 5.I: Second Units for Extremely Low Income	Maintain an inventory of second units that are available at rents that are affordable to extremely low income households. Explore ways to expand this inventory and encourage the development of additional extremely low income second units through the City's affordable second unit program and other means.	On-going	The City's Accessory Dwelling Unit (ADU) ordinance is consistent with state laws that took effect in 2022-2023. Changes to Government Code Section 65852.2 as a result of AB2299 and SB1069. The City can no longer use exceptions to the parking requirements for accessory dwelling units as incentives for rent restrictions. The City continues to use exceptions to the floor area limits for ADUs as an incentive for rent restrictions (affordable to households earning low and very low incomes).
Program 5.J: Housing for Extremely low Income Families	Develop incentives to meet the needs of Piedmont's extremely low income households potentially including modified development standards for new multi-family buildings that include units for extremely low income families	2016	The City will need to address new incentives for ADUs. This is more difficult with changes to Government Code Section 65852.2 as a result of AB2299 and SB1069.
Program 5.K: Developmentally Disabled Residents	Coordinate with the Regional Center for the East Bay, the East Bay Housing Consortium, and other organizations to better respond to the housing needs of developmentally disabled Piedmont residents and ensure that sufficient resources exist within and around the community too meet these needs.	On-going	On-going
Program 6.A: Title 24	Continue to enforce Title 24 requirements for energy conservation	On-going	Standard practice
Program 6.B: Green Housing	Explore ways to encourage and incentivize greener residential construction.	On-going	The City recently adopted REACH Codes to encourage sustainable design and retrofits. The City follows the California Green Building Code. Building Permits for residential solar energy systems are expedited with a flat fee. City participates in Energy Upgrade California and PACE programs.
Program 6.C: Renewable Energy Funding Assistance	Participate in Energy Upgrade California or equivalent programs which assist homeowners with renewable energy and energy efficiency improvements on their property.	On-going	City continues to participate in Energy Upgrade California and PACE programs. Building Permits for residential solar energy systems are expedited with a flat fee.
Program 6.D: Financial Assistance	Promote the use of programs which reduce residential energy costs.	On-going	City promotes REACH Codes and energy reduction programs as a part of the Climate Action Plan. Building Permits for residential solar energy systems are expedited with a flat fee. City participates in Energy Upgrade California and PACE programs.
Program 7.A: Public Information	Provide printed information on fair housing laws at city Hall and web based information on the City's website.	On-going	On-going program. In 2020, the City updated its website and created a fair housing programs webpage with information for residents.
Program 7.B: Fair Housing Referrals	Continue the City's referral arrangement with ECHO Housing on fair housing issues and discrimination complaints.	On-going	On-going program
Program 1.A Vacant Land Inventory	Prepare a regular update of the City's vacant land inventory, indicating the status and availability of each site in Table 4-2 for potential development.	2015, ongoing maintenance	2015, ongoing maintenance
Program 1.B: Redevelopment of the former PG&E Site	Support the redevelopment of the former PG&E site on Linda Avenue with housing developed at the maximum density permitted by zoning.	On-going	Permit Issued in 2015 to construct 7 new townhomes. Construction completed 2018.
Program 1. C: Market-Rate Second Units	Maintain zoning regulations that support the Development of market rate second units in Piedmont neighborhoods.	On-going	The City continues to promote market rate units as well as affordable units.

Program 1.D: Data on Second Unit Rents	Use sources such as business tax records, reviews of locally advertised rentals, and direct surveys to track the rents being charged for local second units, and gather other relevant data on second unit occupancy and use.	2016	Annual mailers are sent to rent-restricted units to track units being rented and the amount charged for rent.
Program 1.E: Allowances for Housing in the Commercial Zone	Work with the owners of properties in Zone "D" to facilitate proposals for mixed use development, including new mixed use projects on underutilized commercial sites and the addition of residential units to existing commercial structures.	On-going	In 2017, the City Council adopted Zoning Code amendments for the commercial zone on Grand Avenue and Highland Avenue. Changes clarified existing standards, removed conflicting standards, and relaxed lot coverage, parking, and other standards. Staff will work on updating the City's Design Guidelines to further facilitate multi-family/mixed use development in Zone D.
Program 2.C Use of Original Materials and Construction Methods	Maintain Planning and Building standards which allow the use of original materials and construction methods in home remodeling	On-going	Because of the California Green Building Code and City's Construction and Demolition regulations, property owners are incentivized to reuse or up-cycle materials in order to meet diversion requirements.
Program 2.A: CDBG Funding	Apply for Community Development Block Grant (CDBG) funds for housing maintenance and production on an annual basis, and establish a process for informing the public that such funds are available. If and when such funds are received, a priority should be placed on their use to assist households with incomes less than 30 percent of area median income.	On-going	These grants are administered and publicized by Alameda County HCD.
Program 2.B: Preservation of Small Homes	Maintain zoning and design review regulations that protect the existing supply of small (less than 1,800 square feet) homes in Piedmont. Explore other incentives to protect small homes, including design awards for exemplary small home improvement projects.	On-going	The City continues to promote Municipal Code section 17.02.010.B which explicitly indicates its intent to preserve the supply of small homes of small (less than 1,800 square feet) homes in Piedmont.
Program 4. G: Monitoring the Effects of the City Charter	Piedmont's rent restricted second unit program has been successful in accommodating and achieving the City's share of the regional housing need, including producing housing for very low income households. However, the Charter requires a citywide vote for zoning map changes, which constrains the development of a variety of housing types, particularly high-density multi-family housing. To address this constraint, the City has allowed multi-family density housing in the commercial zone and created new incentives for multi-family uses. This program supplements these two programs by monitoring and annually evaluating and reporting on the effects of the City Charter on: (a) the cost and supply housing and (b) the effectiveness of City strategies to mitigate related impacts. Based on the outcome of the evaluation, the City will adopt strategies to address and mitigate identified constraints.	Annually	On-going maintenance
Program 1.F: Facilitating Multi-Family Development	Continue to develop and implement incentives to facilitate multi-family development on land zoned for multi-family or commercial uses in Piedmont. The City will also implement recent CEQA exemptions for infill projects so that environmental review costs are reduced for multifamily development.	On-going	No proposed multi-family projects in 2022. The City hopes to incorporate guidelines for multi-family and mixed-use projects when Design when Design Guidelines are updated.
Program 5.H: Faith Community Participation	Work with the local faith community to serve residents in need within Piedmont and the greater East Bay, and to identify potential partners for meeting local extremely low income housing needs.	On-going	implemented on an on-going basis. Local houses of worship continue to provide volunteer-run services (food drives, etc.) for lower income persons.
Program 2. D Condominium Conversions	Maintain the existing requirement that the removal of any multi-family rental apartment must be matched by the creation of a new rental apartment elsewhere in the city	On-going	Included in our Municipal Code (19.630 C) Have not yet had any requests from property owners to go through this process
Program 2.E: Update of Design Guidelines	Update the 1988 City of Piedmont Resident Design Guidelines, consistent with Action 28.E of the Piedmont General Plan. The update process should include public input, which should be facilitated by one or more Planning Commission study sessions	2015-2016	Comprehensive updates to the Design Guidelines occurred in 2019.

Table F

Units Rehabilitated, Preserved and Acquired for Alternative Adequate Sites pursuant to Government Code section 65583.1(c)

Please note this table is optional: The jurisdiction can use this table to report units that have been substantially rehabilitated, converted from non-affordable to affordable by acquisition, and preserved, including mobilehome park preservation, consistent with the standards set forth in Government Code section 65583.1, subdivision (c). Please note, motel, hotel, hostel rooms or other structures that are converted from non-residential to residential units pursuant to Government Code section 65583.1(c)(1)(D) are considered net-new housing units and must be reported in Table A2 and not reported in Table F.

Activity Type	Units that Do Not Count Towards RHNA ⁺ Listed for Informational Purposes Only				Units that Count Towards RHNA ⁺ Note - Because the statutory requirements severely limit what can be counted, please contact HCD to receive the password that will enable you to populate these fields.				The description should adequately document how each unit complies with subsection (c) of Government Code Section 65583.1 ⁺ .
